The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as OWNERS of the ONLY LIVERPOOL and BOSTON LINE of PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

that for extent and variety will surpass any stock ever offered in that market. Entering into their new store, which is

They mean to make it the INTEREST of every judge of goods, to buy upon the following

TERMS:

CASH BUYERS will receive a discount of SIX per cent, if the money be paid in par funds, within 10 days from date of bill.

NEW AND IMPROVED SEWING MACHINES.

THE AMERICAN

Magnetic Sewing Machine Co.,

NOW OFFER FOR SALE AT THEIR ROOMS

397 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is warranted never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co.,

Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

Arrival of the Africa.

The Cunard Steamship *Africa* arrived below New York on Monday evening, but in consequence of a heavy fog, had not succeeded in getting up to her dock, yesterday afternoon. We have as yet, therefore, only the outline of the news she brings. It is indecisive as to the War question, the long-coming answer of the Czar to the Vienna note not having yet transpired. But it must come, ere long, and will as soon as the Czar has completed his preparations. He plays his game shrewdly.

Flour and Wheat have declined slightly and the New York market of yesterday sympathizes in the downward removal. Indian corn, however is firm at a considerable advance. The money market shows some improvement.

From Madison.

OFFICIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 13.

As you are already advised, there was no session of the Assembly on Saturday, so that I have nothing of legislative affairs to report, of any importance. The bill which passed the House some time since, increasing the jurisdiction of the Dane County Court, and which caused such a muss in Senate on Friday, must come back to the House this morning for concurrence in amendment. It went through the House at first without opposition, although in reality of great importance—for it does in effect, establish Dane County into a Circuit; but I understand that many of the citizens are remonstrating loudly against the passage of such a bill, and that it is quite probable that if it could be got into the hands of the county delegation, the majority would report against it. Various reasons are given both for the origin of and opposition to the bill, but I do not care to repeat them.

The manner in which the majority in the Senate voted on points of order, contrary to all rules in order to choke down the minority, has created considerable feeling, and we shall very probably have something in Senate about the privileges of reporters,—this time in answer to the remarks of the *Argus* against the minority.

Mrs. Fonda lectured in the Assembly Hall on Saturday and Sunday evenings, in favor of the Maine Law. She had been told that there was no probability of her doing any good, and a possibility of doing harm, in the present state of affairs, but insisted on giving the Senators a piece of her mind, threatening them with dire results if they killed the bill. I doubt whether she has had any effect at all either way, being not attractive in person or as a lecturer,—in style or matter. The manner in which she continually brought up her under jaw, and compressed her lips, when denouncing opposition, caused more than one to remark that she was likely to own an uncomfortable temper. The singing with which she accompanied the lecture was singularly bad.

Perhaps my prejudice against female lecturing in general may have influenced my opinions as to the performer, but I recollect forming a very different one of Mrs. Thayer, last winter.

It is said to be understood that the liquor bill will not be taken up till next Monday, several of its friends desiring to be absent this week.

The weather is spring like. The snow is fast disappearing, and the walks and streets grow muddy. The nature of the soil here is such that when mud comes at all, it comes in earnest, and there is a bad time generally until the frost gets out of the ground. Hurry up that Railroad!

W. H. W.

New York against Nebraska.

The Legislature of New York has spoken out promptly and manfully against the Pro-Slavery propagandism of Senator DOUGLAS and the PIERCE Administration. Joint resolutions, instructing the Senators and Representatives of New York in Congress to vote against the bill, have passed both branches by overwhelming majorities. In the Assembly, these resolutions were adopted by 80 yeas, to 27 nays, and in the Senate by 23 yeas to 6 nays—very nearly *four to one*. Well done NEW YORK! Now let WISCONSIN speak! No more important question ever engaged the attention of our People, and we again urge upon the Legislature, as they respect themselves and regard the wishes of their constituents, to lose no time in uttering Wisconsin's protest against Slavery in Nebraska. If the North is true to Freedom this infamous outrage will yet be prevented.

What the South are Driving at.

A correspondent of the New York *Journal of Commerce*, a paper which sustains the Nebraska bill of Senator DOUGLAS—thus frankly tells the object and foreshadows the consequences of this audacious measure:

Washington, Saturday Feb. 4.

It is objected to the Nebraska bill that it will establish a principle of extensive application, and will invoke the application, of the same provisions to Oregon and Washington. *Certainly it will.* THAT IS ITS MAIN OBJECT. The principle was established in 1850, now it will be confirmed in 1854. Next year it will be declared that the *ordinance of 1787 is inoperative*, and that the slavery restriction in the Oregon bill, which Mr. Polk hesitatingly signed, is *superseded*.

Therefore, if slavery be a universal necessity, it will be allowed universally to prevail. But, probably, it will be found that its limits will be fixed by climate and commerce—by laws above the action of Congress.

The political effect of the passage of this bill will be important, and, on the whole, highly favorable. It will put an end to the old parties, and "crush out" the coalition of the Democracy. It will organize parties into two divisions, and both of them based on the slavery question. One party will be the Non-Intervention party, and the other the Abolition party. It is not quite certain which will finally prevail. But the struggle is, at length, begun. All that has ever happened on this question, all the combats from 1820 down, were mere child's play in comparison with what we shall see next Fall, and next year, and for years to come. *There will be no more Compromises.* The old ones will be contemned and set aside.—Non-Intervention on one side, and Abolition on the other, are the only two principles upon which the contract is to be made.

In the same spirit, the Richmond *Enquirer* thus summons every Southern man *to stand by the bill*.

"The policy of the South, at this juncture, is plain and unequivocal. *The North is split and divided into factions—each bidding for Southern support, and depending upon it for existence. Let Southern men know this, and realize it; let them demand without noise, but with the calm firmness which belongs to a just cause, the observance of their rights, and they cannot fail now to secure them.*—While the battle beats, let every Southern man be at his post. The temptation to enlist under the banner of some aspiring chieftain should be sternly rejected as a poor exchange for the sacrifice of the rights of any constituency. Who will prove recreant?"

With this plain avowal staring us in the face what Northern man can be false to his duty and recreant to Freedom, in this momentous crisis?

☞ The petition to Congress against the extension of slavery into Nebraska, has been signed by all men of all parties in Worcester, (Mass.) among them Judge Allen, Gov. Washburn, Hon. I. S. C. Knowlton, ex-Governor **Davis**, and ex-Governor Lincoln.

Fire at Louisville.—Owen's **Hotel at Louisville** was destroyed by fire on **the evening of the 10th instant. The loss is stated at $50,000.**

From our Washington Correspondent.

WASHINGTON Feb. 6th, 1854.

The excitement on the Nebraska question, shows no sign of abatement, and is likely to occupy the attention of Congress for some time to come. The opposition to it, is more serious than is generally supposed, and cannot well be estimated, either by the votes or speeches of members. Many who will feel compelled *from* their sectional relations, or their sympathy with the Administration, to give their final vote in its favor, yet will do so with great repugnance. They look upon its introduction, at the present time and in its present form, as ill-judged and ill-advised; as only designed for the purpose of making political capital; as reviving the slavery agitation, which the President in his inaugural had pledged himself to suppress; as raising a new issue between the North and the South when it was the general hope and belief that all differences between them were amicably and finally adjusted; and as fraught with most disastrous consequences to the peace of the country, and even with peril to the perpetuity of the Union. MR. CASS regards it as an abomination, and, if he votes for it at all, will insist upon an alteration in it, so that he may not be compelled to vote for the deliberate lie that the Missouri compromise was virtually repealed or superseded by the compromise of 1850. The state of feeling in the Senate is pretty significantly intimated by the amendment offered by MR. DOUGLAS, yesterday, to strike out "which is superseded by" and insert "which is inconsistent with," so as to make the original amendment read, that the sixth section of the act of 1820 is inconsistent with the legislation of 1850 and is therefore declared inoperative.

Like all Northern concessions on the subject of slavery, the repeal of the compromise of 1820 was not asked for, or expected by the south. It did not hope for this repeal, and it is agreeably surprised when it is offered as a Northern gratuity. Mr. Dixon of Kentucky, in his speech, expressed the sentiment of his Southern brethren, when he said that he was gratified that this proposition came from the North, and that he was most grateful for the freewill offering which Northern gentlemen had made upon the altar of justice and of magnanimity. To the unfortunate controversy in New York, the country is also in a great measure indebted for the introduction of this question at the present time. The Hards have instigated it for the purpose of forcing the Softs into an attitude of hostility to the Administration, and of compelling the recognition of their section as belonging to the national Democracy.

The President is evidently alarmed by the demonstrations of public sentiment in opposition to the bill, and by the extreme reluctance with which many Northern democrats are brought into its support. He is fearful that he may be wounded in the house of his friends, and that serious opposition to it may arise too from his own State. It will be urged forward without any delay in the Senate, which it will undoubtedly pass, and the great battle on it will be fought in the House. A majority of about twelve is now claimed for it in the latter by its friends, but this cannot be relied upon. Many members are waiting for the indications of public feeling at home, and will be glad to take refuge from responsibility behind the instructions of their constituents.

If the North wishes to avert the impending calamity, let it send up a voice of remonstrance, against this unholy scheme of selfish politicians to advance their own interests at the expense of the peace and honor of the country, to the capital, which cannot be misunderstood or resisted. If the measure once passes all future agitation, however protracted and fierce, will be fruitless.—It can never be repealed. The era of slavery propagandism will be fairly established; new slave States will be admitted to the Union; the manifest interest and purpose of the framers of the constitution will be defeated; the original restrictive policy of the country will be subverted, and the last barrier will be broken down against the incursions of slavery upon the broad domains of the Republic. It is indeed said that the question has no practical bearings, for the reason that the territory in controversy is not adapted to a slave population, and that free labor only can be successfully introduced into it. This opinion however has been seriously controverted by those who have had an opportunity of forming a correct judgment on the subject, and it is an admitted fact that slaves to some extent have been already carried into the territory. Besides, the south which is always alive to its own interests would not be likely to reopen the compromise of 1850, and rekindle the expiring flames of sectional agitation, for the assertion of a mere abstract right, for the sake of a barren advantage. It would never encounter such a hazard except in the expectation, and with the conviction, that a vast accession of political power was thereby to be secured.

The speech of Mr. Chase of Ohio, made a profound impression here, as it doubtless will all over the country. Senators of the most opposite views have conceded its great ability, the clearness of its statements, and the force of its argument. No one who has come after him has attempted to controvert its positions, and no one will make the attempt. So far from having falsified history, as he was charged in the most violent and offensive terms by Mr. Douglas with having done, he clearly convicted the Senator from Illinois of a gross and palpable mistake in relation to the fundamental fact upon which his whole argument was based. The gist of the whole controversy lies in a nutshell. Mr. Douglas asserted that the compromise measure of 1850, superseded the Missouri Compromise. But he is met by the startling fact that in the act for organizing New Mexico and settling the boundary of Texas, a proviso was incorporated that nothing therein contained should be construed to impair or qualify the third article of the second section of the resolution for annexing Texas which article re-asserted the Missouri Compromise line and prohibited slavery north of 36 deg. 30 min. To do away the force of this Mr. D. says that all the land north of 36 deg. 30 min. which was cut off from Texas was added to New Mexico, which was allowed to have slavery or not at its pleasure.—So that there was no territory for the prohibitory clause to apply to, and the proviso was only intended to apply to the number of States that should be formed, though the significant term "or otherwise" is expressly added to it.

On the other hand, Mr. Chase established the fact that a large tract was cut off from Texas, north of 36 deg 30 min., which was not incorporated with the Territory of New Mexico, and which is therefore left under the operation of the clause of prohibition; thus clearly showing that, so far from repealing or superseding the compromise of 1820, the legislation of 1850 expressly reenacted a similar provision, and asserted the validity of its principle. Mr. Douglas now so far recedes from his original position as to say, that the Missouri compromise line, if not actually superseded, is yet inconsistent with the principles of the legislation of 1850. But the compromise of 1850 had reference simply and solely to the new territory acquired from Mexico, and had nothing to do with the territory acquired from France, the condition of which was already settled by previous legislation. So the authors of that compromise understood it, and so the country understood it. There is no fact more conclusively established by the whole history of that period—the debates in Congress and the uniform tenor of the public press both North and South. During the whole controversy, not an intimation was given, not a word was uttered to the effect that the old territory was, either by implication or expressly, either by the operation of any principle or by any legislative construction, brought within the scope of that compromise, for that any modification or change, or relaxation of the slavery prohibition then existing was contemplated with reference to it.

The events of that period are fresh in the recollection of us all. Every one knows that the North then was pushed to the utmost limit of endurance, and that any further concession however small would have seriously endangered, if it had not proved fatal to the settlement of the great question then pending. What then would have been the feeling awakened, if it had been understood, that the Northern members of Congress who supported that compromise had conceded, not only that Utah and New Mexico should be organized into territories without the Wilmot Proviso, and that the Fugitive slave act should be passed, but had also consented that the Missouri compact, which had been held sacred by all parties for the third of a century, and which in its moral obligation had acquired almost the validity of a constitutional provision, should be repealed or rendered nugatory and inoperative?

If the South and its Northern co-adjutors wish to repeal the compromise of 1820, let them do it directly, openly, fairly; but let them not seek to accomplish this result by indirection; under a miserable subterfuge and by a gross falsification of history. Let them be willing to assume the responsibility of the measure, and not seek to throw it back upon the great men who stood foremost in that time of peril, some of whom are in their graves, and cannot vindicate their fair fame from the reproach that is thus cast upon it.

The fact is they dare not advocate this repeal as a distinct original proposition: they must connect it in some way with the compromise of 1850, or else they declare that this compromise was not a "finality," and that no compact between the North and the South however solemn has any validity, except at the pleasure of either the contracting parties, and that it cannot bind the conscience or control the action of any succeeding Congress. A most dangerous doctrine, which may return to plague the inventors of it!

With every disposition on the part of the friends of the Kansas and Nebraska bills to hurry the action of the Senate upon them, their discussion will occupy some week or two longer; and no one can foresee the termination of the debate in the House. Most of the Senators will be anxious to explain or justify their vote, and the bills will be subjected to the most thorough and discriminating analysis both in principle and detail.

The interests of Wisconsin are not likely to suffer for the lack of efficiency and zeal in its present delegation in Congress. The bill granting alternate sections of land on the line of Rock River Valley R. R., which passed the Senate last week, will be reported to the House by the Committee this week and every effort will be made to put it at once on its passage—I should think with good prospect of success. I see that some of the papers in your State are censuring the delegation for their course in advocating these land grants.—In justice to them it should be remembered that they act under the positive instructions of the last Legislature, to use their influence to secure the passage of all the proposed grants without distinction. Especially will this remark apply to Mr. Walker, who, after the storm of indignation with which he was visited on a former occasion for going against instructions, should not be severely censured for obeying them now—and this too when it is well known that he is opposed to these grants in principle, and that he regards the whole system a vicious one which donates large tracts of lands to corporations, and thus keeps them for an indefinite period out of the market. At any rate, Mr. W., must be commended for the ability and tact with which he has secured the early passage of a measure so important to the interest of his constituents, frustrating all attempts at its postponement and defeat, and keeping it ahead of other subjects of legislation.

I am informed that your Senator is instructed by the committee on public lands to report a bill to the senate containing the principle he has so long advocated, of the freedom of the public lands, and making provision for donating them to actual settlers. This fact is strongly indicative of the progress of public sentiment in the right direction, and the passage of such a bill would in my opinion do more for the growth and prosperity of the new states, than all grants to Railroads, however numerous and munificent. Mr. W. may congratulate himself that his views on this subject, which were once regarded as utopian and chimerical, are now coming into favor as the wise and liberal policy of the country.

The Supreme Court room has, within the last few weeks, been the scene of some splendid forensic efforts. Among others (and I mention him because he is a North Western man) Hon. Archibald Williams of Illinois has gathered no mean laurels. His argument in the case of Forsyth vs. Reynolds et al received high encomiums from the profession as a learned and able effort evincing great research, force of reasoning and legal acumen.

Mr. W. had before attracted attention by his clear and powerful exposition of the absurdities and impolicy of Senator Douglas' scheme of imposing tonnage duties upon the commerce of our lakes and rivers for the purpose of raising funds for their improvement.

But I will draw this lengthy letter to a close, lest your readers may address to me the remark which an honest layman once made to his minister, who complained of fatigue after one of his somewhat lengthy discourses. "Sure, your Reverence, and have you no pity on us?"

HAL.

For the Daily Sentinel.

John Mitchell and Senator Douglas.

Messrs. Editors:

In your notice of the Nebraska Meeting last night, you represented me as one of the speakers on that occasion. This is an error. But I do confess, had there been an opportunity for me to do so, I would have taken two bulls by the horn, to wit: John Mitchell and Senator Douglas—John Mitchell, the miscreant, the braggadocio, as Henry Ward Beecher very properly calls him! John Mitchell, the Countryman of Robert Emmet and Tom Moore.—John Mitchell, the Apostle of liberty, making a noise as "Patriot," and "Sworn enemy to all sorts of despotism," in both hemispheres, landing on the shores of a free republic, receiving the homage of freemen, editing a free press, and using the power and privilege of a free press and free speech, for the purpose of supporting SLAVERY!!! This John Mitchell, whose most fervent wish is "a plantation of slaves in Alabama," who openly and brutally declares man, a chattel property, who thinks it *right* to sell a being, with an immortal soul, and *manly*, to deliver up a fugitive slave!

Why Mr. Editor, this *John Mitchell*, the hope, the redeeming spirit of green Erin, together with Senator Douglas, the leader of young America, these two Nebraska slavery twins, ought to be tied together, taken to Barnum, for the purpose of a show in the far, far West, as a remarkable specimen of intellectual humanity, who have succeeded in unriddling the puzzle, heretofore deemed to be incompatible, that the bright goddess of liberty, *may* walk arm in arm, with the black demon of slavery. Yes, Mr. Editor, I do hate John Mitchell, from the depth of my soul, at least his principle, and would advise him, to return to his prison on Van Dieman's land, there to atone in part for his shocking treachery to the cause of universal liberty.

During Mr. Paine's eloquent speech, a spirit from above came down, and gave the following "Western sentiment" to be presented to Senator Douglas.

No, never shall the slavites dare
To claim Nebraska—Scorn their powers!
This Territory, free and fair,
This Western Continent is—*ours.*
The fiends of man have run their race,
These bloodhounds, this infernal pack.
They shall not ride us, by the grace
Of God, with saddles on our back.

A. HENRY BIELFIELD.

☞ The *National Intelligencer* of Feb. 6th, has a good article on the Nebraska Bill—taking strong grounds against the Bill of Mr. Douglas.—In conclusion, the *Intelligencer* says "Let us then in good faith STAND BY THE OLD COMPROMISE."

Mr. Smith was a volunteer in the war of 1812. He was at the burning of Buffalo, where he was taken prisoner. Nebraska Meeting.

A large and enthusiastic meeting of the citizens of Milwaukee, without distinction of party was held at Young's Hall, on Monday evening, Feb. 13th, pursuant to a call numerously signed for "a public meeting of all who are opposed to the Nebraska Bill, which proposes to repeal that part of the Missouri Compromise restricting the introduction of Slavery into all the Territory north of the parallel of Thirty-Six and a Half Degrees of North Latitude."

The meeting was organized by the election of the following officers:

President—Hon. J. B. SMITH

Vice-Presidents—F. J. BLAIR, DR. E. WUNDERLY.

Secretaries—A. HENRY BIELFIELD, NORMAN A. MILLERD.

On motion of S. M. Booth, a Committee was appointed by the Chair, consisting of Mr. Booth, Gen. Rufus King, Messrs. Herman Haertel and John Jennings, to present resolutions for the consideration of the meeting.

After the Committee had retired, Mr. E. D. Holton, being called for, made an enthusiastic speech against the repeal of the Slavery restriction in Nebraska.

The Committee on Resolutions returned and reported, through their Chairman, the following.

RESOLUTIONS.

Resolved, That the proposition, introduced into both Houses of Congress, to supersede, repeal, or or declare inoperative, the 8th section of the act of Congress, commonly known as the Missouri Compromise, in these words: Be it further enacted, That in all the territory ceded by France to the United States, under the name of Louisiana, which lies north of thirty-six degrees and thirty minutes of north latitude, not included within the limits of the State contemplated by this act, slavery and involuntary servitude otherwise than as the punishment of crimes, of which the party shall have been dully convicted, shall be forever prohibited,' meets with our unqualified condemnation.

Resolved, That the circumstances in which this Missouri Compromise Proviso was adopted.—three-fourths of the members of both Houses of Congress voting for it—its sanction by such men as President Monroe, John Quincy Adams, John C. Calhoun, Wm. H. Crawford and Wm. Wirt, the general acquiescence of the people of all parties and of all sections in its provisions, the re-affirmation of this Proviso, in the Joint resolutions for annexation of Texas, approved March 1. 1845, and again by the Compromise Act of 1850 in the Texas Boundary bill, and the declarations of Southern Statesmen,—all show that this Proviso was regarded in the nature of a compact as an offset to the North for concessions made to the Slaveholding interest in the South, and that its repeal would be dishonorable to the South and degrading to the North, and would destroy all confidence in, and all obligation to observe any Compromise or compact made in behalf of Slavery.

Resolved. That if this Proviso is repealed, and its repeal is acquiesced in by the People, we have no guaranty against the introduction of Slavery into Oregon, Washington, or any Free Territory, and that henceforth in the policy of our General Government, Freedom must be the exception and Slavery the general rule.

Resolved, That it is time for the people of the Free States to arouse themselves, to unite and resist manfully the further encroachments of Slavery upon the domain of Freedom.

Resolved. That the Freemen of Milwaukee send greeting to the Freemen of Chicago, Cleveland, Pittsburgh, New York and other cities, who have earnestly remonstrated against the repeal of the great Proviso of Freedom, and we pledge ourselves to stand by them and by all who stand firmly for the integrity of all compacts for the maintainance of Freedom in Free Territory.

Resolved, That we call upon the Legislature of this State to remonstrate against, and upon our Senators and Representatives in Congress to oppose the passage of any bill providing directly or indirectly for the repeal of the Slavery restrictions of the Missouri Compromise.

Resolved, That a copy of these resolutions be forwarded to the Presiding officer of each branch of our state Legislature and to the senators and representatives of the State of Wisconsin in Congress, for presentation to those bodies.

Resolved, That the proceeding of this meeting be signed by its officers, and be published in the city papers.

P. Yates, Esq., moved the adoption of the resolutions, in a brief speech, and they were also advocated by Messrs. J. D. Merrill, J. H. Paine, Francis Randall and S. M. Booth.

The resolutions were unanimously adopted, and the meeting then adjourned.

MORE LAND GRABS.—The Senate have passed bills giving Minnesota a million of acres, in alternate sections for 12 miles in width, to aid in building 300 miles of Rail Road in that Territory. Ditto, to Michigan for Rail Roads in that State. Ditto, to Louisiana, for a Rail Road from New Orleans to the Sabine River. The Senate is clearly in the giving mood, and will doubtless keep on till the supply is exhausted, or the mouths all stopped. If the House follows suit, we suggest that they will save time, if not money, by opening the Treasury doors and inviting all applicants to walk in and help themselves. If Congress can give away the Public Lands to private Companies, why not the public money?

Murderer at Large.

William Murphy, the Irishman who deliberately killed a Norwegian, at Stoughton, on the 1st inst., by beating him with an axe handle upon the back of the head, and on the small of the back, while the Norwegian was lying helpless upon the ground, is now running at large.—Murphy was examined on the 8th inst., before Justice Lacy, at Stoughton, for an assault with a dangerous weapon, with intent to murder, (the dead body not having been found.) The Justice found the charge to be true, and that there was sufficient evidence to warrant the belief that Murphy was guilty, and required him to find bail in the *meagre* sum of one thousand dollars, which the prisoner refused to do, and accordingly the Justice committed him to jail, and put the commitment and prisoner into the hands of constable Bigelow. The next day I understand, before the prisoner had been carried to jail, the Justice, without any lawful authority, revoked the commitment, and admitted the prisoner to *straw* bail, and he is now at large, to commit another murder, if he chooses.

This is a very melancholy administration of the law, and our indignation of the foul deed is divided between the imbecile conduct of the Justice and the deed itself. Another warrant has been issued for Murphy by Justice Seymour, and all persons are required to arrest the offender and convey him to jail; and all persons harboring, secreting, or in any way assisting the said Murphy in escape, will be treated as accessories to the murder and brought to justice.

Murphy is a man about 35 years of age, is about 5 ft. 9 in. high, and stoutly built, of rather light complexion but browned and a dull malignant blue eye, a little blood-shot, his countenance savage and repulsive. I call upon all persons to assist in bringing him to justice.

ANOTHER COLOSSAL HOTEL.—We learn that Capt. De Groot, who has just sold his interest in the "Prescott House," for 100,000 dollars. (75,000 dollars for the Furniture and 25,000 dollars for the good will,") is about to build a new Hotel of mammoth dimensions. It will be built in the castel ated style of architecture—furnished with Elizabethan furniture, and will cost 500,000 dollars. To this must be added the price of lot, decorations, &c., &c., which will use up some 300,000 dollars more. This will make the whole cost of the edifice 800,000 dollars. The architect is Mr. Renwick. The new hotel will be ready for the reception of visitors in the spring of 1855. It is to be called "The Great West."—*N. Y. Mirror.*

WINTER IN EUROPE.—The Paris correspondent of the New York Journal of Commerce, Mr Walsh, writes under date of January the 5th thus:

All Europe has congealed. Iceland might be the appellation of the-fourths of the continent—Most of the railroad trains have been interrupted by snow in this country, as well as in Belgium and throughout Germany and the North. Skating on the river Seine continued until Monday last, and the universal white scenery seemed permanent. The day before yesterday, however, came warm winds and copious rains; and this morning there is not a vestige of winter in the garden of the Tuileries. We shall hear of disastrous floods in the interior from a speedy and general thaw and dissolution. Their imperial Majesties sallied forth on New Year's day, in an elegant sleigh with two horses, driven by the Emperor; they were followed by two smaller ones containing some members of their household.—No other vehicle of the kind was sported.

A Madrid Journal of the 30th ult., arrived yesterday, relates wonders of the intense frost in that meridian. The Spanish ladies quitted their chambers at seven o'clock. A. M., in order to witness the skating on a great pond in the environs.

City Matters.

A Handsome and Substantial Compliment.

We take very great pleasure in publishing the following letter addressed to the Chief Engineer of the Milwaukee Fire Department by BYRON KILBOURN Esq., and enclosing his check for $100, as a token of his appreciation of the energetic and successful labors of our Firemen at the threatening fire, near the American House, during Monday night.

MILWAUKEE, Feb. 13th, '54.
JNO. S. FILLMORE, Esqr.,
Chief Engineer,

My Dear Sir—I last night witnessed the activity, discipline and efficiency of the several companies of the fire department, and it is with the highest satisfaction, I express to you and them, the sense of obligation which I feel personally for the protection of my own residence, which, for an hour's time, I considered in great jeopardy. I passed often to and from my residence to the immediate scene of the fire, and around to the different points of operation, and can freely say, that the order, strength and effect of your operations was beyond anything I had imagined.

Our citizens generally, are little aware how much we owe to your well managed department, for the safety of our city; and being made aware of it, as I have been, by actual observation, I think it a duty to make a suitable acknowledgement, I therefore, in this spirit, tender to them, through you, my cordial thanks for the preservation of the property adjacent to the fire; and in addition to my thanks, I beg them to accept a small matter in the way of "material aid" to meet incidentals, inseparable from their organization, equipment and drill. I enclose a check for $100, which you will please dispose of in such manner as may be most acceptable and beneficial to the department.

Very Truly Yours,
BYRON KILBOURN.

Fires—Three Horses Burnt. Incendiarism.

About half past 10 o' clock, Monday night, a barn belonging to Mr. A. H. JOHNSTON, our City Treasurer, who resides in the fourth ward, was discovered to be on fire. The flames, fanned by the high wind, spread with great rapidity, and in a very few minutes destroyed the barn and its contents, as well as an adjoining barn belonging to Mr. Traverse. Mr. Johntson lost with his barn two horses and a quantity of oats, hay &c. and Mr. Traverse lost a cow. A drayman named CARROLL also lost a horse. A frame tenement, East of Mr. Johnston's barn, was somewhat damaged by the flames. There was no insurance on any of the property destroyed, and the fire is supposed to have been set by design. The Fire Department were on the ground early, and arrested the spread of the flames.

About 2 o'clock yesterday morning, soon after the Fireman had returned from the above mentioned fire, a second alarm was sounded for the Fourth Ward. It proved to be the two story frame building, near the corner of Spring and Second Streets, occupied as a Grocery and dwelling by J. STRANSKY. The wind was blowing very fresh at the time, and lent wings to the conflagration. The flames quickly extended to the buildings in the rear and the adjoining Grocery of J. SCHOENMANN, and threatened further mischief. The Firemen, however, got to work quickly and fought the fire, inch by inch; succeeding, at last, in confining its ravages to the buildings named. These, with their contents, were pretty much destroyed. MR. STRANSKY was insured for $1000 and MR. SCHOENMANN for $400, which will nearly cover their loss. After the fire, Messrs. P. KANE & SONS, of the American House, very kindly and considerately furnished a hot breakfast to the wearied Firemen, in return for which the latter gave their hosts, on parting, their hearty thanks and three rousing cheers.

LECTURE TO-NIGHT.—The next Lecture of the course before the Young Men's Association will be delivered to-night, at Young's Hall, by the Rev. JAMES FREEMAN CLARKE, of Boston. His subject is "the manifest Destiny of the United States," and his reputation, as an able and eloquent Lecturer, cannot fail to attract a full attendance. The closing lecture of the course will be delivered next Tuesday by Chancellor LATHROP, of Madison.

LECTURES ON TEMPERANCE.—Mrs. FONDA will deliver her first lecture on Temperance and a Prohibitory Liquor Law, at Metropolitan Hall *this* evening.

AUCTION SALE OF REAL ESTATE.—Mr. WALL will sell at auction this morning, at his rooms in the U. S. Hotel Block, some very desirable parcels of real Estate, on eligible terms. See his advertisement.

GALE AND SNOW STORM.—The rising wind of Monday evening increased to a gale by midnight and brought with it a heavy snow storm. The storm raged with great fury all yesterday morning, the snow falling to the depth of five or six inches, but was much drifted by the high wind. The night was a wild one.

BOARD OF TRADE.—We are requested to say that a meeting of the Board of Trade will be held at their rooms *this* (Wednesday) afternoon at 2 o'clock.

POLICE COURT, Feb. 14th.—Peter Cuyler was brought down from jail by officer Beck, charged by W J. Martin with attempting to break the peace, and entered into bail on the sum of $100, for his good behavior for the space of one month, paid the costs, and was discharged.

August Manegold was brought up on the charge of committing an assault and battery upon Adam Newman, in the fifth ward on the 13th instant. The case was set down for trial to day at 9, o'clock, A. M.

THE NEBRASKA MEETING.—We publish elsewhere the record of the proceedings at the meeting in Young's Hall, on Monday evening, to protest against the introduction of Slavery into Nebraska. In numbers, character and spirit the meeting was one of the best we ever attended in this city, and the speeches were worthy of the gathering and the occasion. We stated yesterday that Mr. BIELFELD was among the speakers, which was a mistake, and we omitted to say that Mr. FRANCIS RANDALL and Mr. S. M. BOOTH addressed the meeting, as they both did with much force and eloquence. Among the most gratifying features of the meeting was the very large number of adopted citizens, German and Irish, who took part in the proceedings and united in the protest against the extension of Slavery.

WISCONSIN BONDS AT AUCTION.—Among the auction sales of S. DRAPER, Esq., in Wall Street last Tuesday, we notice "8000 Wisconsin Bonds, 12 per cent, interest added, 95¾; 12,000 do 95¼." Were these Improvement Bonds?

CORRECTION.—The Hudson *Journal* reminds us that in our table of newspapers published in this State we inadvertently placed that Journal and its "local habitation" in Prairie County, instead of St. Croix.

Ship building progresses, though the extreme severity of the winter has been a source of serious detention.

Rand & Sons have sold their vessel to Capt. Joseph Edwards, who is using every exertion to launch her early in April.—*Manitowoc Herald.*

COUNTY COURT.—The Hon. Geo. Reed, who recently received the appointment of County Judge, to fill the vacancy occasioned by the resignation of G. C. O. Malmros, commenced the February term on Tuesday.—*Manitowoc Herald.*

FIRE AT MATTS' FERRY.—Wednesday night last, the new store house, recently erected by W. P. Flanders, of Milwaukee, was destroyed by fire.—Loss about $600.—*Baraboo Standard.*

"Bring hither the poor, the maimed, the halt, and the blind," if you would have them healed of their many infirmities. We boldly and fearlessly assert that the Mustang Liniment will positively cure Rheumatism. Let any who are afflicted with that most painful complaint try it thoroughly according to the directions, and if they are not cured, we will give them their money back. What more can we say? It will also cure the Piles. Thousands have tried it—and all were cured. Bruises, Sprains, Sores, or Eruptions fade away as if touched by the magician's wand. Its application to a Burn or Scald acts like 'oil upon the troubled waters.' The tempest of pain and agony is soon stilled, and the Patient is hushed to quiet and peaceful slumbers. 'There is a balm for every wound,' and that balm is the Mustang Liniment. Everybody that sells medicines keeps it for sale. NEW YORK MARKET.

New York, Feb. 14th.

Flour—under the influence of the less favorable advices from Europe, by *Africa*. Western and state flour 12½ cts lower; better grades not so firm, but have not been forced on the market; Canadian quiet, prices nominal. Sales western canal 3,500 bbls—8,75 for common to straight state—9a9,12½ for mixed to fancy Michigan and common to good Ohio.

Grain—Wheat offers on lower terms—in the absence of the steamer's mails, nothing has been done to test the market. Rye still scarce; sales at 1,30. Oats lower at 53a56 for State and Western. Corn held higher, under the news, and transactions moderate in the absence of the *Africa's* mails—sales 1200 bus in lots at 1,03a1,05 for Jersey yellow; 1,06 for sound yellow—Southern yellow and white at 1,04½ for Western mixed. Whiskey—market quiet, fair inquiry; sales 210 bbls at 32 for Jersey and prison.

N. York, Feb. 14th.

It is reported that the steamer building at Williamsburgh, on the plan of Wm. Norris of Philadelphia, intended to run to Europe in six days, has been sold to the Sultan of Turkey for 230,000 dolls.

Boston, Feb. 14th.

The woolen mills of R. C. Dennyplatt were burned on Sunday. Insurance $20,000.

Baltimore, 14th.

No mails south of Mobile. The passengers by the steamer *Georgia* state, on the morning of the 9th she was struck by a heavy sea, which stove in the bow down to the main deck, carrying away the fore-castle, making her leak fast. She has been temporarily repaired at Norfolk, and will proceed to New York.

NEWS BY THE AFRICA.

New York, 14th.

The *Africa* arrived below, last night, and anchored on account of the fog, and still remains there as the fog still continues.

The screw steamer from N. York arrived out on 26th ult., which had been chartered by Consul Hawthorne to convey home those rescued from the *San Francisco*, was to sail from Liverpool on the 30th.

There is but little news as to the Turkish war by this arrival. The Czar's conduct is still evasive, and he does not regard the entry of the allied fleets into the Black Seas as a declaration of war, and is not expected to send a reply to the Vienna note until the middle of February. He has, however, appointed Count Orloff to visit the Courts of Vienna, Berlin, Paris and London to explain on what terms he really will treat.

It is thought by all that his object is to gain time. There is a doubtful rumor that Count Purrian has succeeded Nesselrode as chancellor.

A quiet tone is observed in the Russian organs, but the appearances of peace are no nearer.

On the Danube preparations were making by the Russians to attack Kalafat, although they admit it will cost them ten thousand men. Omar Pacha continues to march on the Russians wherever an opportunity occurs; his tactics being to put it out of the Russians power to fight—there had been several skirmishes, but no actions of importance.

In Asia a report is presented that the Russians had taken the City of Kars, but a Russian bulletin says that all the troops are in winter quarters. The fleets were last seen part at Sinope and part near Batoun, but are reported to have sailed for Varna. The Russian squadron was off the sea of Asof.

Servia is much aggravated by the intrigues of the Russian consul Gen. of Belgrade.

Liverpool Saturday morning:—nothing of real importance came to hand this morning, by mail or telegraph.

A Vienna despatch hints that good news has reached the Austrian government from St. Petersburgh. The Pacha of Persia has definitely promised to act peacefully towards Turkey.

AUSTRIA. The Austrian government has ordered 40,000 troops in great haste to Hungary.

It is not yet known what is going on there. Dost Mahomed was at Candia—there is no news of importance.

FRANCE & ENGLAND.—The British fleet in the Hague was ordered to sea. The Brazilian mail steamer *Olinda*, was ashore near Holyhead. The steamer *Petrel* was burned on the Clyde on the 6th.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEARS' VIEW, or the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed such. He is therefore well qualified to write the history of the period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon offer an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS' HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man. It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 26th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life. Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10.

THE RENOWNED REMEDY.

HOLLOWAY'S OINTMENT.

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will reduce cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if well rubbed into the Chest.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—

A CASE CERTIFIED BY THE MAYOR OF BOSTON, ENGLAND.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To PROFESSOR HOLLOWAY,

Dear Sir,—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse. Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir,

Yours Truly, (Signed) J. NOBLE.

Dated August 12th, 1853.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY:

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,

(Signed) ELIZABETH YEATES.

NEW AND IMPROVED

SEWING MACHINES.

THE AMERICAN

Magnetic Swing Machine Co.,

NOW OFFER FOR SALE AT THEIR ROOMS

397 Broadway, N. Y.,

By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to the public.

It is the result of three separate inventors, each of whom is distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and particular features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is warranted never to rip or ravel—a frequent cause of complaint heretofore from those [illegible] machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silks, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stitches can be graduated with mathematical exactness by the operator, from the fine and delicate stitch requisite in needle-work, lace, bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc., can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

PREPARED BY

CURTIS & PERKINS, DRUGGISTS,

BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

BENJAMIN L. POMEROY.

DR. HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find those Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES.

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We warrant it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixer is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and

AGUE POWDERS:

The only sure remedy ever known for Chills and Fever, an warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.
